GENERAL CLASSIFICATION

You will find below the General Classification for AMR2020. It is split into two parts, one for the solo riders and another for the pairs. Finally, there is also a list of other finishes, that for one reason or another cannot be included in the GC. You will also notice that there are a few riders that received time penalties. I would just like to point out that none of these were for any deliberate malfeasance on their part, but rather routing mistakes. Despite them not being deliberate, the route was not followed and something needs to be done to make up for their error and be fair to other riders.
